

Milwaukee

TierPoint's state-of-the-art Tier III Milwaukee facility is in the heart of Wisconsin, and one of 40 facilities across the US and part of a network with guaranteed exceptional performance and low latency connections. We are a trusted provider to thousands of customers across all industries. Whether you need a server rack, a full cabinet, or a suite of customized managed services — we have the IT professionals, security specifications, and resilient infrastructure designed to meet your business needs.

Our Commitment

Carrier Neutrality and Redundancy

By having multiple on-net carriers and supporting cross connects to other carriers, you get access to the Internet bandwidth and connectivity services of your choice.

Security

With a company-wide emphasis on security and compliance, our team adheres to strict, well-documented security processes.

Responsiveness and Expertise

Our data centers are supported by passionate IT professionals focused on client success and responsiveness to client requirements. They have the technical expertise and desire to help you achieve your business goals.

Scalability

At TierPoint we scale with you. All our data centers are built to meet growing demands for Disaster Recovery, cloud services, and managed services.

Our Facility

National Reach

With two additional TierPoint facilities located within 90 miles, and one of the largest and most geographically diverse footprints in the nation, we deliver secure, reliable, and connected infrastructure solutions.

Compliance

Audited under SOC 1 Type II, SOC 2 Type II, SOC 2 + HITRUST, GLBA, HIPAA, PCI-DSS¹ annually. ITAR and EU-US Privacy Shield² registered.

Low Latency

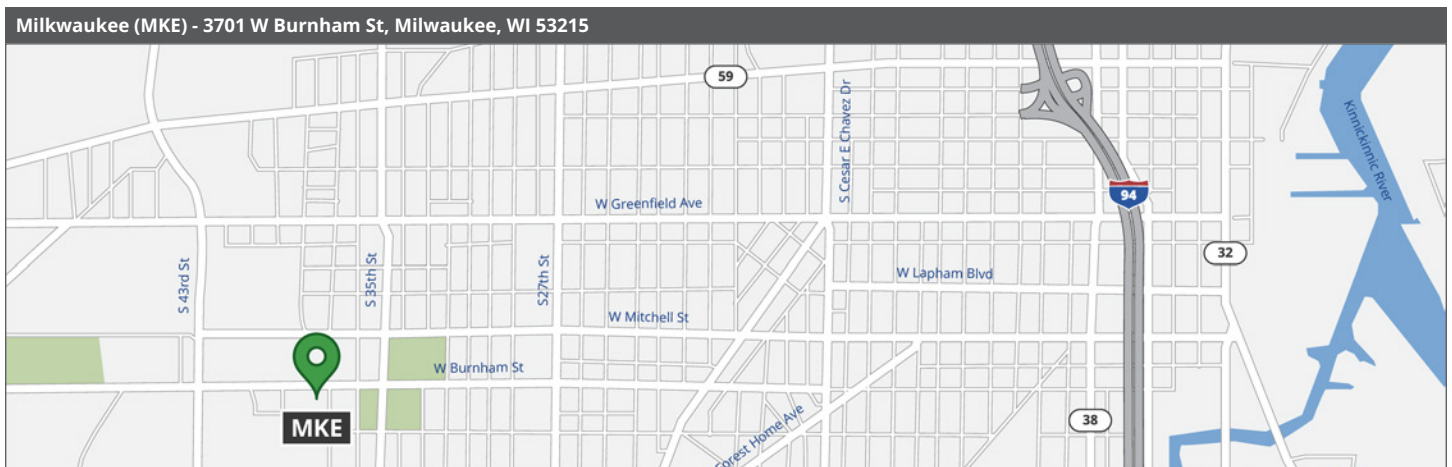

Achieve high performance and low latency by having your critical infrastructure closer to your employees and end-users.

Reliable

Your IT infrastructure and related components are guaranteed by a 100% uptime SLA, supported by a local, dedicated team of IT professionals who are focused on delivering consistent and superior services.
