DATA CENTER

# Dallas - Fort Worth

Our state-of-the-art Dallas-Fort Worth facility engineered with the latest design innovations. As a trusted provider serving thousands of customers across diverse industries, we offer flexibility – from server racks to high-density cabinets for high performance/GPU compute requirements - and customized managed services. Backed by skilled IT professionals, stringent security specifications, and resilient infrastructure, we are here to meet your business needs.

## Our Commitment

**Carrier Neutrality and Redundancy**
Our carrier-neutral facility, provides access to the internet bandwidth and connectivity services of your choice. Multiple, diverse fiber feeds, and DWDM connection to the Infomart facility and two additional Dallas facilities.

**Security**
With a company-wide emphasis on security and compliance, our team adheres to strict, well-documented security processes.

**Responsiveness and Expertise**
All our data centers are supported by passionate IT professionals focused on client success, responsiveness to client requirements, and who have the technical expertise and desire to help you achieve your business goals.

**Scalability**
At TierPoint we scale with you. All our data centers are built to meet growing demands for disaster recovery, cloud services, and managed services.

**National Reach**
One of three facilities in Texas, our state-of-the-art Dallas – Fort Worth facility is part of one of the nation's largest, and most geographically diverse data center footprints. We deliver secure, reliable, and connected infrastructure solutions.

## Our Facility

**Compliance**
SOC 1 Type II, SOC 2 Type II, SOC 2 + HITRUST, GLBA, HIPAA, PCI-DSS, NIST SP 800-53, ISO 27001, ITAR and Data Privacy Framework registered.

**Low Latency**
Achieve high performance and low latency by having your critical infrastructure closer to your employees and end-users.

**Reliability**
Your IT infrastructure and related components are guaranteed by a 100% uptime SLA, supported by a local, dedicated team of IT professionals who are focused on delivering consistent and superior services.

**High-Performance and AI Compute**
Our cutting-edge Dallas-Fort Worth facility has been engineered to accommodate your demanding high-performance GPU / AI computing applications, with density exceeding 130kW per cabinet with optimal configurations and supported by liquid cooling capabilities.
