tierpoint

Nashville

As Tennessee's only data center to have both Uptime Institute Tier III certification for design and construction as well as LEED-Gold certification, our Nashville facility is one of 40 facilities across the US and part of a network with guaranteed exceptional performance and low latency connections. We are a trusted provider to thousands of customers across all industries. Our facility can support whether you need a server rack, a full cabinet, or a suite of customized managed services. We have the IT professionals, security specifications, and resilient infrastructure designed to meet your business needs.

Our Commitment

Carrier Neutrality and Redundancy
Our carrier-neutral Nashville facility, provides access to the Internet bandwidth and connectivity services of your choice. Redundant IP bandwidth available with I0Gb connectivity.

Security
With a company-wide emphasis on security and compliance, our team adheres to strict, well-documented security processes.

Responsiveness and Expertise
All of our data centers are supported by passionate IT professionals focused on client success and responsiveness to client requirements. They have the technical expertise and desire to help you achieve your goals.

Scalability
At TierPoint we scale with you. All our data centers are built to meet growing demands for Disaster Recovery, cloud services, and managed services.

Our Facility

National Reach
Our state-of-the-art, LEED certified Nashville facility is part of one of the largest, and most geographically diverse footprints in the nation. We deliver secure, reliable, and connected infrastructure solutions.

Compliance
Audited under SOC 1 Type II, SOC 2 Type lI, SOC 2 + HITRUST, GLBA, HIPAA, PCI-DSS[1], and NIST SP 800-53[1] annually, is ISO 27001 certified[2], and ITAR and EU-US Privacy Shield[3] registered.
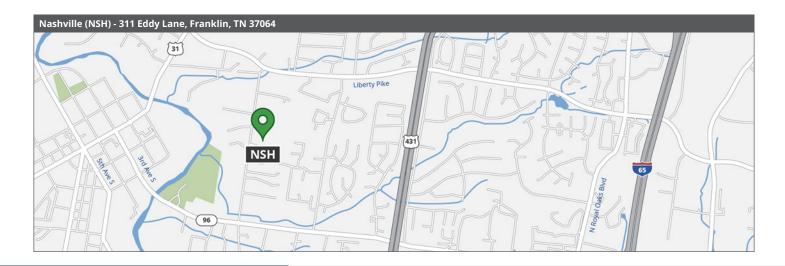

Low Latency
Achieve high performance and low latency by having your critical infrastructure closer to your employees and end-users.

Reliability
Your IT infrastructure and related components are guaranteed by a 100% uptime SLA, supported by a local, dedicated team of IT professionals who are focused on delivering consistent and superior services.

1. Data Center Colocation Services (NIST Moderate baseline). 2. ISMS and data center colocation. 3. EU Standard Contractual Clause/DPA template available.
