

BUSINESS CONTINUITY SEATING

OKLAHOMA CITY (OK2)

TierPoint's Business Continuity Seating provides your employees with a resilient office space for offsite business recovery, keeping you up and running when disaster strikes.

Perfect Proximity

The TierPoint state-of-the-art Oklahoma City data center facility, located in the heart of the nation's energy belt, features over 8,000 square feet of office and support space, and resides only 10 miles from the Will Rogers World Airport.

Minimized Risk

The Oklahoma City data center is located 1,200 feet above sea level and outside of the 500-year flood plain. The building is designed to withstand 165mph straight-line winds (characteristic of an EF4 tornado), making it a secure location for business continuity seating. Our facility includes over 10,000 square feet of business continuity workspace.

Workspaces Available with:

- Custom suites, build to suit
- Fully customizable including space, furniture and connectivity
- Located on secure, private 15-acre campus
- Backup generated power for all lights, HVAC, and outlets
- Access to TierPoint common areas including conference room, breakroom, and shower facilities
- Secure Parking
- 24x7 Remote Hands tech support
- Cabinets for storage available

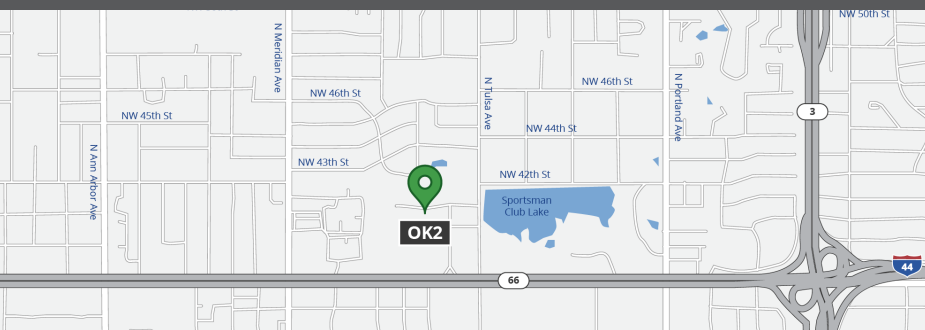

Network Connectivity:

- Carrier-class, carrier-neutral facility
- Multiple, diverse fiber carrier feeds

Security:

- 24x7x365 electronic and physical security
- Proximity sensors logging all entrances
- Video surveillance with 90-day retention

Oklahoma City (OK2) - 4114 Perimeter Center Place, Oklahoma City, OK 73112
