

## BUSINESS CONTINUITY SEATING

# Allentown-TekPark (TEK)

TierPoint's Business Continuity Seating provides your employees with a resilient office space for offsite business recovery, keeping you up and running when disaster strikes.

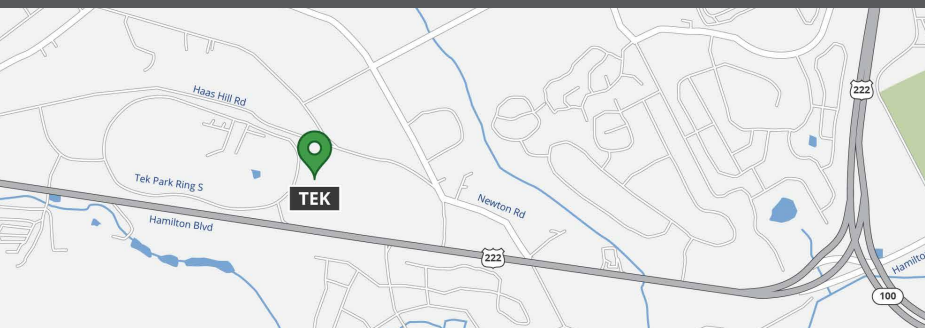

### Perfect Proximity

The Allentown-TekPark data center is centrally located in the Mid-Atlantic Region, making it easily accessible to major U.S. cities, including Philadelphia, New York, Washington D.C., Baltimore and Boston. Our data center is ideally located near I-78, and other major roadways including the PA Turnpike, Route 22, Route 100 and less than 15 minutes to the Lehigh Valley International Airport.

### Minimized Risk

Our Allentown-TekPark data center is outfitted with dual utility feeds for redundancy and independent A/B UPS power protection for minimized risk. The facility is equipped with redundant fiber infrastructure providing enhanced survivability against outside utility disruption. Our facility includes over 8,000 square feet of business continuity workspace.
