Our Commitment

Carrier Neutrality and Redundancy

With multiple on-premises carriers, and cross connects to other carriers, you get access to the Internet bandwidth and connectivity of your choice.

Security

With 24x7x365 security, our Hawthorne facility is monitored around the clock by on-site engineers and security systems. And our highly trained teams adhere to well-documented security processes.

Responsiveness and Expertise

Our data centers are supported by IT professionals focused on client success, responsiveness to client requirements, and who have the expertise and desire to help you achieve your goals.

Scalability

All our data centers At TierPoint we scale with you. All our data centers are built to meet growing demands for Disaster Recovery, cloud services, and managed services.

Our Facility

National Reach

With one of the largest and most geographically diverse footprints in the nation, we deliver secure, reliable and connected infrastructure solutions.

Compliance

Our Hawthorne facility is audited under SSAE 18 SOC 2 Type II, PCI-DSS*, GLBA and HIPAA standards annually and is ITAR and EU-US Privacy Shield registered.

Low Latency

Achieve low latency with our carrier-neutral, high availability and resilient Internet connectivity. Our Hawthorne facility includes a diverse dark fiber ring into III 8th Avenue and 60 Hudson Street in NYC.

Reliability

Your business critical applications are backed by a 100% uptime Service Level Agreement guarantee, supported by a local and dedicated team of cloud certified IT professionals.

*PCI-DSS Attestation of Compliance on Requirements 9 & 12 (Physical Security and Information Security Policies) on data center (colocation) services. Colocation provides secure space, power, and environmental controls for merchants and service providers, some of which fall under PCI compliance. No logical access to any customer systems that may contain cardholder data.
