

DALLAS - ALLEN

Certified for both design and construction by the Uptime Institute and USGBC LEED Certified, our Dallas - Allen data center is one of over 40 facilities across the US and part of a network with guaranteed exceptional performance and low latency connections. We are a trusted provider to thousands of customers across all industries. Our facility can support whether you need a server rack, a full cabinet, or a suite of customized managed services. We have the IT professionals, security specifications, and resilient infrastructure designed to meet your business needs.

Our Commitment

Carrier Neutrality and Redundancy

Our carrier-neutral facility, provides access to the internet bandwidth and connectivity services of your choice. Multiple, diverse fiber feeds, and DWDM connection to the Infomart facility and our Dallas DAL facility.

Security

With a company-wide emphasis on security and compliance, our team adheres to strict, well documented security processes.

Responsiveness and Expertise

All of our data centers are supported by passionate IT professionals focused on client success, responsiveness to client requirements, and who have the technical expertise and desire to help you achieve their business goals.

Scalability

At TierPoint we scale with you. All our data centers are built to meet growing demands for Disaster Recovery, cloud services, and managed services.

National Reach

One of two facilities in Texas, our state-of-the-art Dallas - Allen facility is part of one of the largest, and most geographically diverse footprints in the nation. We deliver secure, reliable and connected infrastructure solutions.

Our Facility

Compliance

Audited under SOC 1 Type II, SOC 2 Type II, SOC 2 + HITRUST, GLBA, HIPAA, PCI-DSS¹ annually, is ISO 27001 certified², and ITAR and EU-US Privacy Shield³ registered.

Low Latency

Achieve high performance and low latency by having your critical infrastructure closer to your employees and end-users.

Reliability

Your IT infrastructure and related components are guaranteed by a 100% uptime SLA, supported by a local, dedicated team of IT professionals who are focused on delivering consistent and superior services.

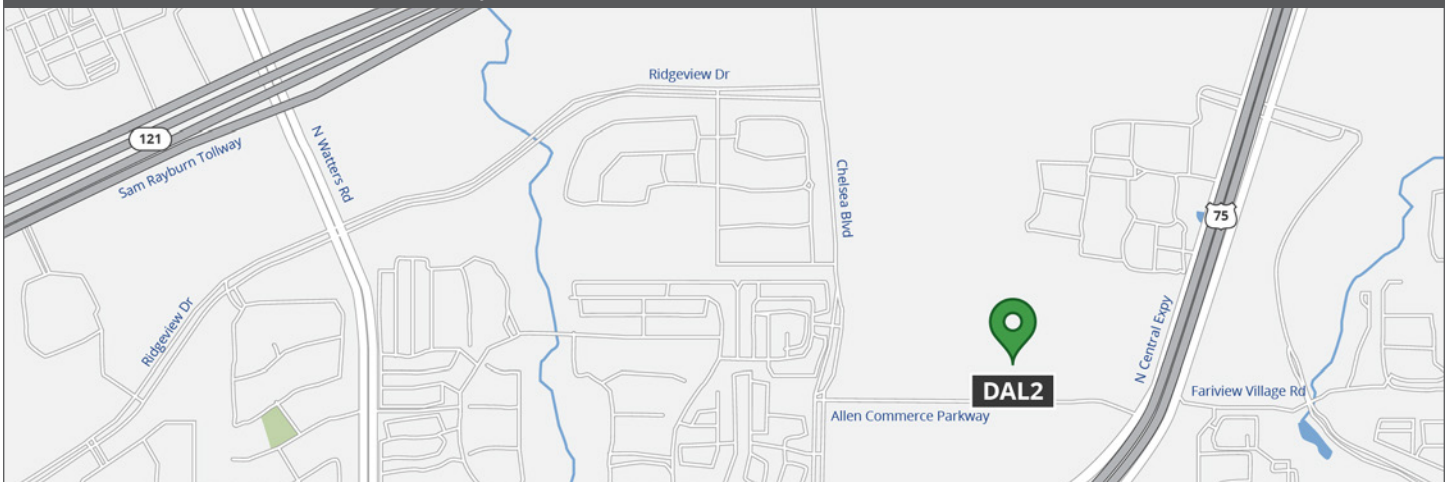

High-Performance and AI Compute

Our cutting-edge Dallas-Allen facility has been engineered to accommodate your demanding high-performance GPU / AI computing applications, with a capacity of up to 85kw per cabinet supported by a liquid cooling system.

Dallas - Allen (DAL2)

Space	Facility Size	29,000 square feet of data center space
	Deployments	Cabinets and cages
	Power Availability	AC and DC
	On-site Support	24x7x365 on-site support
